Mr. McCants Thanks His Friends

Editor County Record:—

Please allow me again to express through your columns my thanks to you and my many friends in both Williamsburg and Georgetown counties. As most of you know, I have been sick more than a year. At the beginning of 1916 I was improving rapidly but have had a relapse since then and for a week past have not been able to sleep more than one hour out of twenty-four, and that in a chair. I have not had a doctor's treatment in a long time. My waist measure has fallen off from 44 to 32 inches. This will give you some idea of my sufferings, but I hope for relief some time. Again thanking all that have been kind to me, I remain,

Yours with best wishes,

JOSEPH E. McCANTS.

EVER SALIVATED BY CALOMEL? HORRIBLE!

**Calomel Is Quicksilver and Acts
Like Dynamite on Your Liver.**

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

CHANGING FOR TIGERS.

Provisions of the Liles Bill, Recently Enacted.

The Liles liquor bill to prohibit the sale of liquor and for which a changing sentence is imposed without the alternative of a fine, was signed by Gov Manning Saturday afternoon and immediately thereafter became effective. J. T. Liles, author of the measure, was standing by Gov Manning's desk while the chief executive affixed his signature. Mr. Liles was given the fountain pen with which the Governor subscribed his name. The provisions of the act are:

"Section 1. That section 811, volume 2, criminal code, 1912, be, and the same is hereby, stricken out, and the following inserted in lieu thereof to be known and designated as section 811:

"Sec 811. Any person who violates any of the provisions of any law of this State prohibitory relating to or regulating the sale of intoxicating liquors shall be guilty of misdemeanor, and, upon conviction thereof, shall be imprisoned at hard labor for less than six months, nor more than two years; and for any subsequent offense, upon conviction, shall be imprisoned for a term of not less than a year, nor more than five years: Provided that any circuit judge may, in his discretion, suspend all of such imprisonment except 30 days for the first offense and 60 days for subsequent offenses upon such terms and conditions as he may see fit to impose, but in each and every case any person convicted of the violation of any of said sections shall be required to serve at least 30 days for the first offense and 60 days for any subsequent offense of the sentence imposed upon him: Provided, That the provisions of this act shall not apply to cases now pending or to offenses committed prior to the passage of this act."

"Sec 2. That this act shall take effect immediately upon its approval by the Governor, and all acts or parts of acts inconsistent with this act be, and the same are hereby repealed."

For Children's Cough.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from pine tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All druggists.

FIGS

That figs are a worth while fruit is shown by the fact that they have been grown longer than perhaps any other. Wherever they will thrive, no fruit is better for family use or as a commercial crop.

Fig trees are inexpensive, they are easily planted and can be cultivated without great outlay; they come into bearing early and there is always a demand for the fruit. That's why

THEY ARE A PAYING CROP

\$75 to \$100 will buy trees for five acres. They will begin bearing in two or three years, and at five should bring in several hundred dollars revenue. They are good, too, for home use.

Every farmer and fruit grower in the Southeast ought to plant some figs. We have all the good kinds and have made a study of fig culture. We know the varieties you need.
